

Messer Welding Products

"Superior Alloys for Maintenance & Repair"

A global company, reaching more than 50 countries world-wide

The Best Welding Alloys Come With A Guarantee

Time and again our customers tell us that our products are superior to anything else they have ever used. We are so sure that you'll agree, we are willing to guarantee it. The offer is simple. If you're not totally satisfied with the performance of any MG alloy, we'll refund your money - no questions asked.

How can you lose?

In addition to our exclusive guarantee, you also get the strong support of your MG distributor, who provides expert assistance in solving your maintenance and repair problems, and maintains a complete stock of MG alloys. So when you need maintenance and repair alloys, look for the "Superior Weldability" seal at your local MG distributor. It's your assurance you're getting the best.

MG Welding Products is based in Menomonee Falls, Wisconsin. We develop, test, manufacture and ship every welding rod and spool of wire from our facility. Customer service is our primary goal. A complete staff is on hand to take and process your orders, in most cases orders will be processed and shipped the same day, sometimes, the same hour. If you have special requirements or need formulas that fall outside our own, MG is equipped with an in-house R&D Department. No matter if you're a do-it-yourselfer, a full-time construction welder or a welding equipment distributor, MG Welding Products has an electrode, wire, brazing rod or flux for you.
