CEA Treostar 2000 Pulse Syn MIG/TIG/ Stick 230V Dual Pulse Machine Package

Portable Multi Process Pulsed 200 Amp Mig, Tig and Arc Welder, Single Phase

The TREOSTAR 2000 offers great flexibility and portability offering high quality welding characteristics on all materials including stainless steel, aluminium and zinc coated steel while minimising reworking due to spatter. This is an innovative, versatile, light, easy-to-carry and user friendly power source. Because of its high technological abilities, the TREOSTAR 2000 is suitable for nearly all maintenance applications, car body repairs, agricultural and light fabrication work.

MADE IN ITALY 

PACKAGE INCLUDES

- MIGARC 24 Torch 3Mtr
- 4 Meter Earth Lead
- Argon Regulator
- CEA Trolley
- 1 Phase 15Amp Plug

Product Code: MCE003875P

\$3350.00 /EA

HOT DEAL

CEA Maxi 405 400V Remote Mig Package

The CEA 400 amp Industrial Separate Wire Feeder Mig Welder. Three-phase semi-automatic welding equipment, with separate wire feeder, recommended for industrial applications, medium and large fabrication work. MAXI 405 are the most complete solution for any job and ensure excellent welding performances on any thickness by granting a very stable arc in any welding position. Three-phase semi-automatic welding machine, with separate 4 roll wire feed unit Ideal for welding any metal in any industrial application.

MADE IN ITALY 

PACKAGE INCLUDES

- MIGARC 36 Torch 4Mtr
- Earth Lead
- Twin Gauge Argon Reg
- 4 Roller Wire Drive Feeder
- CEA Maxi 5Mtr Gas/Air Cooled Cable Kit
- 3 Phase 32Amp Plug

Product Code: MCE006105P

\$4765.00 /EA

CEA Convex Mobile 205 Pulse MIG 230V Dual Pulse Machine Package

PACKAGE INCLUDES

- MIGARC 25 Torch 4Mtr
- 4 Meter Earth Lead
- Regulator
- Drive Roller Kit
- 1 Phase 15Amp Plug

Product Code: MCE005005P

MADE IN ITALY 

\$4450.00 /EA

CEA Convex Mobile 255 Pulse MIG 400V Dual Pulse Machine Package

PACKAGE INCLUDES

- MIGARC 25 Torch 4Mtr
- 4 Meter Earth Lead
- Argon Regulator
- Drive Roller Kit
- 3 Phase 32Amp Plug

Product Code: MCE004780P

MADE IN ITALY 

\$5495.00 /EA

CEA Maxi 505 400V Remote Mig Package

The CEA 500 amp Industrial Separate Wire Feeder Mig Welder. Recommended for industrial applications, medium and large fabrication work. MAXI 505 are the most complete solution for any job and ensure excellent welding performances on any thickness by granting a very stable arc in any welding position. Equipped with a 4 roll wire feed unit Ideal for welding any metal in any industrial application.

MADE IN ITALY 

PACKAGE INCLUDES

- MIGARC 36 Torch 4Mtr
- Earth Lead
- Twin Gauge CO2 or Argon Reg
- 4 Roller Wire Drive Feeder
- CEA Maxi 5Mtr Gas/Air Cooled Cable Kit
- Drive Roller Kit
- 3 Phase 32Amp Plug

Product Code: MCE006115P

\$5395.00 /EA

PLASMATECH

CEA PLASMA CUTTING DIVISION

CEA Shark 35 230V Plasma Machine Package

SHARK 35 is a new compressor plasma solution by CEA that evolves the lightweight and handy characteristics of SHARK 25 chassis with a more powerful inverter and compressor. Shark 35 is the best solution for anyone who needs the maximum portability and power possible. SHARK Compressor is the best choice also for light fabrication work, agriculture and car body repairs.

MADE IN ITALY 

PACKAGE INCLUDES

- SK25 4Mtr Torch with back striking technology

**BUILT IN
COMPRESSOR**

Product Code: PCS35

\$2595.00 /EA

CEA Shark 45 230V Plasma Machine Package

Powerful and light SHARK 45 single phase plasma cutting equipment with PFC is the ideal choice for car body repairs, agriculture and maintenance. PFC device ensures big cutting power coupled with a contained consumption.

- PFC Power Factor Correction - 16 A fuse
- High power professional air flow circulation
- Electronic control for an excellent cutting quality

MADE IN ITALY 

PACKAGE INCLUDES

- SK65 4Mtr Torch with back striking technology

Product Code: PCS45

\$2495.00 /EA

CEA Shark 75 400V Plasma Machine Package

The powerful and compact SHARK 75 is an excellent and efficient solution for medium and light cutting and fabrication work. Its consistent cutting performance enables the highest cutting standards in all circumstances. The SK75 HPC High Performance Cutting technology torch offers a powerful and concentrated cutting beam allowing higher cutting speeds. Smart Start Transfer and Smart End Cutting functions efficiently permits both initial and final cutting phases.

MADE IN ITALY 

PACKAGE INCLUDES

- SK75 6Mtr Torch with high performing cutting technology

Product Code: PCS75

\$4333.00 /EA

CEA Shark 105 400V Plasma Machine Package

Powerful, robust and compact, SHARK 105 absolutely grants high productivity in the toughest cutting operations without any compromise - cuts are always precise and ensure the highest cutting results in all applications. The SK125 Torch provides top quality at high speed with High-Performance-Cutting technology, granting a powerful and concentrated cutting beam. Smart Start Transfer and Smart End Cutting functions permit both initial and final cutting phases in the best way.

MADE IN ITALY 

PACKAGE INCLUDES

- SK125 Torch with high performance cutting technology

Product Code: PCS105

\$5195.00 /EA

HOT DEAL

CEA Shark 155 400V Plasma Machine Package

With its stunning cutting force, SHARK 155 is the most powerful machine in the range. Robust and precise, it ensures extremely high quality cutting results also on very large thickness. Equipped with a display for the digital control of all the parameters. It grants the highest cutting quality at high speed by means of SK165 HPC High-Performance-Cutting technology torch, which combines the concentrated cutting beam to high power. Smart Start Transfer and Smart End Cutting functions permit both initial and final cutting phases in the best way.

MADE IN ITALY 

PACKAGE INCLUDES

- SK165 Torch with high performance cutting technology

Product Code: PCS155

\$9995.00 /EA

CEA Compact 364 400V MIG Machine Package

The Compact 364 is an industrial semiautomatic welding machine with built-in wire feeder, suitable for professional and industrial applications. COMPACT 364 power sources, in their innovative and user friendly design, ensure excellent welding characteristics on any material, aluminium and stainless steel included, by granting a very stable arc in any welding position. Robust and easy to use, COMPACT 364 power sources are Ideal for welding any metal in any industrial application. Sturdy and reliable 3 Phase welding power source.

MADE IN ITALY 

PACKAGE INCLUDES

- MIGARC 36 Torch 4Mtr
- 4 Meter Earth Lead
- Argon Regulator
- 3 Phase 32Amp Plug

Product Code: MCE007223P

\$3790.00 /EA

CEA MaxiQ 400 Gas Cooled 400V MIG Machine Package

INVERTER GENERATOR FOR MIG-MAG WELDING

A practical, robust metal structure combined with the latest generation inverter technology with digital welding control, characterise the multifunctional systems in the MAXIQ series. Innovative, technologically advanced, robust, and easy to use, they can be used for very high quality MIG-MAG welding for all materials, reducing repeat work due to spray to a minimum, and they represent the best solution for all industrial fields and all specialist welding purposes that call for high precision and repeatable results.

MADE IN ITALY 

PACKAGE INCLUDES

- MIGARC 36 Torch 4Mtr
- 4 Meter Earth Lead
- Argon Regulator
- 3 Phase 32Amp Plug
- Separate Wire Feeder

*Water cooled version also available

Product Code: MCE006130P

\$6250.00 /EA

CEA Rainbow 202 HF Pro 230V DC Pulse TIG Machine Package

The CEA RAINBOW 202 HF PRO represents the latest evolution of inverter technology DC welding machines for professional applications. Equipped with a digital control, these powerful 100 kHz power sources, based on the very latest IGBT technology and fitted with flat transformer, can be used for TIG welding of any metal, excluding aluminium and its alloys. These power sources also perform very well in MMA welding due to their lightness and portability and therefore are the ideal solution for excellent quality welding in maintenance, assembly and light fabrication works.

MADE IN ITALY 

PACKAGE INCLUDES

- TIGARC 26 Torch 8Mtr HF
- 4 Meter Earth Lead
- Argon Flowmeter
- 1 Phase 15Amp Plug

Product Code: TCE004126P

\$3140.00 /EA

CEA Rainbow 180A 230V DC Arc Package

The CEA RAINBOW 180 represents the latest evolution in inverter technology DC welding equipment.

These powerful 100 kHz power sources are based on the latest generation IGBT's and are fitted with a flat transformer. RAINBOW 180 with their lightness, reduced size and their excellent characteristics in electrode (MMA) and TIG welding with "lift" mode arc striking, are the most suitable solution for maintenance and light fabrication works.

MADE IN ITALY 

PACKAGE INCLUDES

- 4 Meter Earth/Arc Set
- 1 Phase 15Amp Plug

Lightweight Legend!

Product Code: TCE004105P

\$1395.00 /EA

CEA Matrix 2200 230V AC/DC Pulse TIG Machine Package

Powerful, compact and lightweight, the MATRIX 2200 AC/DC is the most innovative, high-performing and technologically ahead single phase power source ever developed for TIG welding.

MATRIX 2200's are the ideal choice for all qualified welding applications and maintenance jobs, whenever power and portability are needed. The user-friendly and advanced function digital control ensures an extraordinary perfect stability of the welding parameters thus granting very high quality welding both in TIG and MMA with any electrodes.

*Water Cooler Sold Separately

MADE IN ITALY 

PACKAGE INCLUDES

- TIGARC 26 Torch 8Mtr HF Flexihead With CEA Plug
- 4 Meter Earth Lead
- Argon Flowmeter
- CEA Trolley
- 1 Phase 15Amp Plug

Product Code: TCE004510P

\$5795.00 /EA

CEA Matrix 3000 400V AC/DC Pulse TIG Water Cooled Machine Package

Based on the very latest IGBT inverter technology, TIG power source with high frequency arc striking and equipped with an innovative digital panel for the complete control of all the welding parameters. The excellent technical characteristics of this welding machine, coupled with the high technology of its digital control, allow high quality TIG welding, suitable for the toughest industrial applications and maintenance. Highly technologically advanced, robust and user friendly, MATRIX 3000 AC/DC can be used for TIG welding of all metals, including aluminium and its alloys. MATRIX 3000 AC/DC also offers excellent performance in MMA welding with the most difficult basic and cellulosic electrodes.

MADE IN ITALY 

PACKAGE INCLUDES

- TIGARC 18 Torch 8Mtr HF Flexihead With CEA Plug
- 4 Meter Earth Lead
- Regulator
- CEA Trolley
- 3 Phase 32Amp Plug

Product Code: TCE004535P

\$9495.00 /EA

Blueshark Fiber Disc Zirc Cross Hole 115mm 25/Box

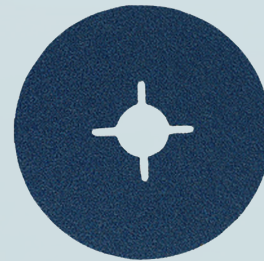

- High quality zirconia fiber discs are aggressive and excellent for sanding, fine finishing and metal, aluminium and stainless surface preparation.
- For use on angle grinders with backing pads. Maximum 15,000 RPM.

MIGARC Nozzle Gel 300g Silicone Free / Non Toxic

- Prevents spatter build-up
- MIGARC Nozzle Gel creates an anti spatter film that will not clog nozzles or contact tips.
- Extends Life of consumables
- For mig/mag gun nozzles and tips. Suitable with all known processes of semi and automatic welding equipment.
